

COMPOSTELA GROUP OF UNIVERSITIES IV RESEARCH PITCHES CONTEST

Call 2020

GUIDELINES

1. Objectives

The aim of this contest is to promote and recognise the research work carried out in the Compostela Group of Universities' (CGU) member Universities.

Researchers are invited to present their investigations through research pitches. A pitch is a short presentation that aims to convince someone of the value of something, usually with the aim of selling a product or getting financing for a project. The idea is that CGU researchers have the opportunity to disseminate their work at their University and beyond, to:

- ✿ Find funding.
- ✿ Contact other research groups that carry out similar research works.
- ✿ Attract researchers and doctoral students who wish to carry out the same type of research.
- ✿ Disseminate research results to the academic community and society in general.

This contest will reward the pitches submitted by the researchers from our member universities that best reach the general public and transmit the relevance of the project, as well as its contribution to society.

2. Participants

Researchers from CGU member universities can participate in the contest. For this purpose, such researchers are understood to be those who are part of a research group, those enrolled in a doctoral programme, and those granted a university research scholarship during this call.

3. Prizes

Three prizes will be awarded in this edition:

1st prize: 1000 euros gross and a diploma of recognition.

2nd prize: 600 euros gross and a diploma of recognition.

3rd prize: 300 euros gross and a diploma of recognition.

The monetary prize will be transferred directly to the corresponding winning researcher in a single and indivisible payment, by bank transfer.

Prizes might be subject to withholding taxes. The CGU reserves the right to apply those withholding taxes in accordance with Spanish Law.

Diplomas of recognition will be awarded to the winning researchers, through the representative of their CGU home University, during the official presentation ceremony of the contest at the annual CGU General Assembly.

4. Submission of applications

Researchers have to complete online the **application form** available on the website of the Compostela Group of Universities (www.gcompostela.org). This form must be compulsorily filled in online and in English for the application to be accepted. Besides, they have to provide the following documentation:
